

Recall our running example from previous classes:¹

Let's annotate this graphic using TikZ.

```
\begin{center}  
\begin{minipage}{0.38\textwidth}  
\includegraphics[width=\textwidth]{e_beta_w}  
\end{minipage}  
\end{center}
```

From now on, everything I'm going to do will be within the minipage.

¹Taken from Chapter 10 of "Data Science: A First Introduction" by Timbers, Campbell, and Lee
